

TRINITY LUTHERAN SCHOOL

August, 2020

Dear Trinity Parents,

Welcome to a new school year! We are overjoyed to start the year on September 9 with in-person instruction for our students. I'm sure you will have questions along the way as we move through this unpredictable season, and want to tell you now that no issue is too small to ask about. There will be some significant changes to our routine this year, and this packet will help you to get to know the most important changes in advance of our first day back to school. I urge you to visit our website, trinitynn.com, to familiarize yourselves about our re-opening plan (on the COVID tab of our website home page). This plan goes into detail about the procedures we have adopted for this year to keep our community healthy. Additionally, the MY TLS tab on the home page has information on dress code, school lunch, extended care, and more as well as links to your family accounts for Canvas, BigSIS, and Smart Tuition.

There are a few pieces of information we thought would be helpful to have on hand for you at home, though. Enclosed you will find:

- An at-home health screening card for families
- “Deciding When to Stay Home”-- a protocol for what to do in case of illness or exposure to COVID-19
- A school calendar of early dismissal and vacation days for the school year
- Our school lunch menu for the year
- “Stay Connected”-- a card with our school website and social media addresses
- A car decal for new families
- Cardstock to make your family name placard for the carpool line
- Carpool procedures for the new school year

You will hear from me regularly in the Weekly Update, which I send every Saturday to keep families informed of upcoming events and important news. Communication is conversation, though. Please do not hesitate to reach out to me or any staff member if you have questions about anything as we start this new year together.

I look forward to seeing you all soon, and to the beginning of another great year educating hearts and minds together at Trinity.

Regards,

Kevin Goetz, Head of School
