

TRINITY LUTHERAN SCHOOL

Good morning TLS Families,

I hope everybody had a relaxing and enjoyable Spring Break. We're ready to get back to school for the final two months! Before coming back, please evaluate your activities and consider your student's potential exposure to COVID-19. Virus infection rates are still high. If there is any doubt your student may have been directly exposed to COVID-19, we request your student go virtual for a proper quarantine period. We've successfully navigated three-quarters of the school year in a global pandemic, based in large part, on the decisions you've been making. THANK YOU!

We'll welcome our students back with School Spirit Week. Monday is a free TAG day for all students with the following days noted below. We look forward to a fun-filled week!

You'll find the 2021-22 school calendar attached to this email. We've worked hard to make a return to our "regular" school calendar (including Community Service Day and Grandparent's Day) with some additions. For example, you'll note we begin school the Wednesday before Labor Day weekend and end school the Friday after Memorial Day weekend. We have two conference days now in October and February. As we've learned over the past year, we can host many things over Zoom so you won't need to make the trek to TLS for those conference dates. The conference days are also scheduled over existing holiday weekends so families can travel and learn about your child's progress at the same time.

Our yearbook order form is also attached to this email. Yearbooks will be delivered before the end of the school year and will be a great keepsake of a most unusual school year! Summer camps are filling up as well. Sign up this weekend!

Enjoy the rest of your Spring Break- see you Monday!

Kevin

Monday April 12th
