

TRINITY LUTHERAN SCHOOL

Good morning TLS Families,

We had a great first week of school! There is nothing like beginning the new school year in Chapel with Pastor Tina. There was joy to be found all around the campus this week- whether in classrooms, lunch, or outside during recess. Beyond the joy in the building, we also had a healthy start! That healthy start begins with your daily health check. Thank you for helping us keep everybody safe!

I've attached the Over the Counter medicine form. Don't forget to send in the specific medication you want given to your student. We don't necessarily have the medication you'd like given to your child so it's important you send in what you'd like us to administer.

We're always looking for a couple of good substitutes. Email Julie (jpetty@trinitynn.com) if you have any questions or would like further information.

As expected, arrival and dismissal was much faster on Friday than on Wednesday. It'll be even more efficient this upcoming week. It helps if your student is packed and ready to get out of your vehicle as you pull up. If you need to get out of your vehicle to assist with something, please pull further up past the main drop off/pick up zone to the edge of the parking lot. This allows traffic behind you to keep moving. Thanks!

Enjoy the Labor Day weekend- see you on Tuesday!

Kevin
